It is the Daytona Volunteer Fire Department that needs attention just now, and the civic pride of every resident of the city should assert itself to a sufficient degree to start a movement to make this organization a well-drilled and effective one.

## J. D. MALEY'S GARAGE BURNS; MATCH STARTS THE BLAZE.

BUILDING IS DESTROYED;  
SERVANTS LOSE CLOTHING.

HARD AND FAITHFUL WORK ON  
THE PART OF VOLUNTEERS  
SAVES RESIDENCE AND OTHER  
BUILDINGS.

Stepping on the head of a match lying on the floor of the garage as he was drawing a can of gasoline the yard man employed by Jerome D. Maley on his premises in Daytona Beach started fire which completely destroyed the garage building and slightly damaged some of the other buildings on the premises. The fire started about 8:15 o'clock this morning.

In addition to being used as a garage the building was used as living quarters for two of the girls employed by Mrs. Maley and the domestics lost everything they had in the way of clothing and personal effects.

Stored inside the building was a valuable set of tools, a pony cart, and other things of value belonging to Mr. Maley, all of which were destroyed by the flames. The pony, chickens, dogs and all livestock were taken out of the structure in time to be saved.

The fire started so suddenly and was so quickly spread by the burning gasoline that in a few seconds the lower part of the structure was a mass of flames and it was with great difficulty the yard man succeeded in releasing the animals and fowls and driving them into the open air. Entrance to the upper part of the building, where the living rooms of the girls were located, was shut off immediately and nothing could be done to save even the wearing apparel of the servants.

The fire spread so rapidly as it consumed the dry lumber of which the building was constructed that great clouds of smoke floated skyward, warning the people in Daytona, Daytona Beach and Seabreeze of the fire, and men with willing hands began hurrying to the scene from all directions. A bucket brigade was hurriedly formed and every man who could get hands on a bucket, pump or hose worked willingly and faithfully to protect the residence and other buildings.

Fortunately the air was perfectly still and there was no wind to hinder the labors of the volunteers. Had there been a wind from the north or west no power on earth could have prevented the flames being communicated to the woodshed and from that structure to the house.

Several times the woodshed caught fire, but water applied by buckets and with two lines of small hose extinguished the blaze each time and the building was saved.

Sparks flying to the roof of the house threatened to start a fire there a number of times, but willing workers carried water up the ladders and kept the flames from getting any kind of a start in the top

\$900 SHORT  
OF AMOUNT  
FOR FLIGHTS.

COMMITTEE STILL WORKING  
TO SECURE NECESSARY CASH.

EXTENSION OF TIME TO THURSDAY NOON IS GRANTED BY MR. FANCIULLI, REPRESENTATIVE  
OF CURTISS.

Glenn H. Curtiss, through his personal representative, Jerome Fanciulli, has granted an extension of time to the local committee to raise the necessary \$3,500 to bring Aviator McCurdy here for a series of exhibition flights the last week in March, and \$900 is needed by the committee to reach the required amount.

The extension of time is to noon Thursday and Mr. Fanciulli must have a definite answer by wire at that time. Positively no further extension of time will be granted as these dates are wanted by a community in Panama and Mr. Fanciulli has agreed to give those people an answer Thursday night.

The committee soliciting the subscriptions to the fund to bring Aviator McCurdy here has been working faithfully up to this time and has hopes of securing the entire amount by noon tomorrow, at which time a definite answer will be given Mr. Curtiss' representative.

The committee of the board of trade fails in its effort to raise the money for this attraction it is probable no further effort will be made to secure any kind of entertainment for the visitors in Daytona this season. If the last week in March is allowed to pass without some kind of entertainment in Daytona the indications are there will be an exodus of people from the city two weeks earlier than usual because of the attractions offered at that time in St. Augustine and Jacksonville.

WHEAT MARKET IS EASY;  
PROVISIONS ARE DOWN

CHICAGO, Feb. 15.—The wheat market was easy today with the price 14c to 3c lower. Later the loss was recovered and May was quoted at 92 1-8c.

Provisions were lower on free offerings, despite an advance of 10 to 15 cents in hogs. Cattle 10 to 15c higher.

STOCKS ARE IRREGULAR;  
RAILROADS ARE HIGHER.

NEW YORK, Feb. 15.—The stock market was irregular today, the gains and losses being about evenly divided. The railroads were generally higher by fractions, while Steel, Copper and Reading were a shade off. Much attention is being paid to a report that a struggle is being made for the supremacy of Missouri Pacific and for a time the market became excited. Cotton was steady and unchanged to three higher.

WORK OF BOARD OF TRADE;  
NOW EVERYBODY MAY REST.

WORK OF PLACING THEM ALONG  
HALIFAX RIVER FRONT HAS  
BEEN COMPLETED BY STREET  
COMMITTEE.

One of the first suggestions made to the new Daytona board of trade has been acted upon in a very substantial way and the river front parkage is now filled with comfortable seats, where the tourists, visitors and residents may rest in the shade of the palmettos and enjoy the beautiful view up and down the broad Halifax.

The street committee of the board of trade was given instructions at the second meeting of that organization to have the seats made as soon as possible and placed in the parkage and the work of the committee has been well done. A total of 30 seats were put out Wednesday morning and many of them were occupied by visitors during the day.

The seats are the property of the board of trade and have been placed in the parkage for the comfort and accomodation of visitors and white residents. Help yourself.

First, last and all the time, then a fair price for it. That's the rule followed at this store. The next time you need Groceries or Vegetables let us supply you. You will find the difference in the quality is vastly greater than the difference in the price.

RECIPROCITY  
WITH CANADA.

GOES TO THE COMMITTEE;  
REPORT IS EXPECTED SOON.

SPEAKER CANNON HAS JOURNAL  
CORRECTED TO SHOW HE VOTED  
AGAINST THE PROPOSED  
RECIPROCITY.

WASHINGTON, Feb. 15.—The McCullum bill for reciprocity with Canada came to the senate today and was immediately referred to the finance committee. Strong efforts will be made to have the committee consider the bill at once and report it back to the upper house as soon as possible.

Speaker Cannon announced when the house met that the house journal would show that he voted against Canadian reciprocity, but it did not appear in the record. The journal was corrected.

SHEEHAN LACKS ELEVEN;  
NEW MAN IN THE RACE.

ALBANY, N. Y., Feb. 15.—When the 26th senatorial ballot was taken here today Sheehan lacked 11 votes of enough to elect him. John Keenan of Utica appeared in the race and received 15 votes.

A MISTAKEN IDEA.

There are many persons in this county who feel, possibly, that their business does not warrant the keeping of a bank account but who would, in reality, be greatly benefited thereby.

This is a mistaken idea. A bank account is valuable to every person who transacts business.

You are enabled to keep your money where it is safe, yet it is available in part or whole at any time.

You can pay all bills by check. This gives you a receipt for every dollar paid, for all checks are returned to you after having been paid by your bank.

The fact that you possess a bank account gives you a better standing among business men and enables you to establish a credit with your bank when you have need of it.

We welcome small accounts at this bank.

MYSTERIOUS

LAST NIGHT.

STRANGER PASSES AWAY  
IN A PRIVATE HOSPITAL.

MAN BELIEVED TO BE W. H.  
JOHNSON OF ZANESVILLE,  
OHIO, DIES—NOW SEARCHING  
FOR RELATIVES.

Three days ago a stranger walked into the office of Dr. C. C. Bohannon and complained of being ill. He was, from outward appearances, not in a particularly serious condition, but an examination by the physician showed that his condition was dangerous and he was removed to the private hospital.

He was suffering with a case of acute diabetes and all efforts of the physician to relieve him were unsuccessful, the man sinking rapidly until death relieved his sufferings early Wednesday morning.

When the man came to the doctor he said his name was Johnson and an examination of his personal effects after death showed a bank book issued by a Zanesville, Ohio, bank to W. H. Johnson and several envelopes in his pockets were addressed to Judge W. H. Johnson, Zanesville.

Telegrams have been sent to the bank in Zanesville and the authorities there to notify relatives and replies to these messages are now being awaited. The stranger had been staying at Schmidt's hotel previous to his appearance in the doctor's office. He was about 50 years of age and received 15 votes.

By L. C. DEMAREE.

One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls fit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubby old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon the beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with vision draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the crypsocarpous forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas half from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; while they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

## THE D. A. R. RECEPTION TUESDAY EVENING.

### BRILLIANT SOCIAL AFFAIR AT PALMETTO CLUB HOUSE PRE- CEDES OPENING OF STATE CONVENTION IN THIS CITY.

The Palmetto club house Tuesday evening was the background for a brilliant reception tendered by the Abigail Bartholomew Chapter D. A. R. to the state officers, delegates and guests of the D. A. R. Congress now in session in Daytona. Palms, bamboo, wild smilax, with D. A. R. pennants and United States flags decorated the audience room, while Valentine's day was remembered in the dining room, with its bright array of hearts and ferns.

In the receiving line were Miss Kathryn Thorp, local Regent; Mrs. J. M. Mahoney of Jacksonville, State Regent; Mrs. Schuller, Vice state Regent, Orlando; Miss Sack, Jacksonville; Miss M. Ella DeVoy, Vice Regent, (local); Chas. E. Gardiner, Secretary.

Mrs. M. L. Stanley presided in the dining room, assisted by the Misses Margaret Shields, Wilbert, Bowen, Church, Irene Esch and Allen.

Mrs. Chas. H. Raynor, Mrs. Alexander Bigelow and Mrs. J. P. Esch formed the reception committee. Delightful music the early part of the evening was furnished by Mr. Donnelly, violinist, accompanied by Miss Willaume, assisted by Mr. Montell, cellist, and Mr. Wood, violinist. At the close of the formal reception dancing was enjoyed by many of the guests.

One hundred and forty five guests enjoyed the hospitality of the chapter and the opportunity was given various delegates of meeting before the formal opening of the convention.

The Episcopal bishop of Liberia, in a recent letter from Monrovia, praised the shrewd wit of the west coast natives.

"I addressed a school of native boys the other day," he wrote, "and, taking them on arithmetic, I tried to show them the impossibility of adding 'like' to 'unlike' and getting a total of 'like.'

"Now," I said, "let us take an example. Suppose we added four sheep to eight cows. Would that make twelve cows?"

"A lad as black and shining as a patent leather boot grinned and answered:

"No, no. You cannot make cows out of sheep, bishop. Four calves would be the best for that."

The Sicilian Vespers is the term given to the massacre of the French in Sicily, March 30, 1282. On Easter Monday conspirators assembled at Palermo, and while the French were engaged in festivities a Sicilian bride passed by with her train. A Frenchman used her rudely, and a young Sicilian stabbed him on the spot. The populace ran through the city crying out, "Let the French die!" and without distinction of rank, age or sex slaughtered all the Frenchmen they could find. About 8,000 were massacred. Not even the churches were allowed to become a sanctuary for them. The massacre was general throughout the island.—New York American.

NEW SMYRNA,  
FLORIDA

**NEW SMYRNA** is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man raneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and overarched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

## BIG LINE OF MATTRESSES

That was many years ago, when the primitive corn broom was the only device woman had to clean her carpets and rugs. The BISSELL Sweeper has changed all this, making sweeping day a pleasant anticipation instead of a day to be dreaded. Sweeping with a corn broom is indeed a self-imposed drudgery. Running so easily that a child can operate it, the BISSELL glides over your carpets and rugs, lifting out of the nap all the fine dust and grit that is never gotten up by a corn broom, confining same within the paths instead of scattering it over the furniture, drawers, etc. Once you purchase a

you will regret the sacrifice you made in going without it for so many years. Stop in today and look them over.

If Mrs. F. J. Springer will call at the Daily News office before tomorrow night, she will be presented with two tickets to the Crystal theater.

The past few days have seen a remarkable number of newcomers at Hotel Clarendon, and the season may be termed almost at its height. The surf and the beach are the greatest attractions during the morning sessions, with throngs of bathers and the on-lookers. **BRAVE HUNTERS REUNITED  
IN THIS SUNNY CLIMATE.**

Many days ago when the snow had melted and the days were warm that kindly gentleman, Senator Magee, of Indiana, left his home and lengthened his trail until it reached to the peaceful foot hills of the Adirondacks where C. O. Chamberlin, of the Palmetto hotel, receives his guests at the Adirondack Inn. The good soldier breathed in the fragrance laden air and felt that life had just begun, and that many quiet and peaceful days were before him. Up from the Mohawk valley came that good man W. B. Collins of Gloversville, and as in the days of old when two cities met, the bond of new acquaintance was sealed by a draft of sparkling spring water. Many were the happy hunts together, and varied the game that was brought in range of

**SEABREEZE and DAYTONA BEACH**, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the disconcerting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth, air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straight-away record has been made, and all these records it continues to hold without rival.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobile racing some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, street's and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been truly as phenomenal as its sister on the south, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

### Salads.

Shredded pistachio nuts—the kind that come salted—improve the appearance as well as the flavor of the apple and celery salad if a dozen are sprinkled over the top.

In making salads do not chop your meats and celery in a chopping bowl. Cut into the desired sized pieces with scissors. This is quicker, neater and cleaner than the old way.

For delicious cheese balls for the salad course select a dry cream cheese, moisten it with olive oil and cream, mix with it minced parsley, salt, paprika and sugar and form in balls.

### Sporting Notes.

McKinney, champion trotting sire, has thirteen performers in the 2:10 list.

John McGraw is "coming back." The New York manager says he will play in many of the earlier games.

Foot racing is popular in South African sport. The 100 yard dash between Donaldson and Walker drew 20,000 spectators.

Battling Nelson is planning a trip around the world. He will box in China, Russia and Japan, as well as in all the English speaking countries.

### Tales of Cities.

Chicago has thirty-three church organizations engaged in outside work for the social and moral development of the community.

The growth of the German city of Frankfort, now officially estimated at 400,000, has been as rapid for the last twenty years as that of any of our western cities.

New York hospital records show a greater proportionate increase in inebriety than in the population. Alcoholic cases have more than doubled in the last dozen years.

### Cost of Living.

The fact that an egg has the nourishment of a pound of beef doesn't excuse meat prices for eggs.—Atlanta Journal.

The cost of living does not come down quite as if both wings were shattered and the rudder tangled in the propeller blades. There is, indeed, no unseemly haste.—Cleveland Plain Dealer.

### The Whisk Broom.

New York's health commissioner says there is death in the whisk broom. Great care should be taken not to swallow it.—Toledo Blade.

The health commissioner of New York says that there is death in the whisk broom. There is also money in it, as every Pullman porter can testify.—Rochester Post-Express.

**Long and Short.**  
"What's all this trouble about the long and short haul?" demanded the secretary of the woman's club.

"It's this way," explained the treasurer. "Some dressmakers say a train ought to be six feet in length. Others say three feet is enough."—Washington Herald.

### College and School.

Every pupil in the public schools of Cleveland must have 1,800 cubic feet of fresh air each hour.

Every member of the senior class of the University of Chicago must have a mustache before he is graduated, according to a decree of the class.

Columbia University, according to the official catalogue, ranks first in point of registration among American universities and colleges, for in the present academic year 7,429 students are taking courses in the institution.

### ONE MAN HOLDS 500 JOBS.

**Is Border Line Organizer and Clerk of Corporations.**

Performing the duties of 500 offices by one individual may seem no easy task, but that is just what Representative Elect Horace Mitchell of Kittery, Me., does. He is the champion officeholder in the Pine Tree State. These offices are not all public offices, but are those bestowed by corporations, for Mr. Mitchell, who has taken advantage of his location on the border line between Maine and New Hampshire, to engage in the organization of corporations under the Maine law, is the clerk of over 500 corporations, not to mention at least half a dozen public offices that are his.

### The Poor Poets.

"Poets are born, not made." "I guess some of them could prove an alibi."—New York Press.

### ORMOND-ON-THE-HALIFAX

ORMOND is 5 miles north of Daytona, located on the west bank of the Halifax River. The location is unique in permits outdoor swimming and sanitation; the elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Ormond Beach.

Many fine homes are maintained on either side of the river, most of them surrounded by subtropical flora and shrubbery, besides thrifty orange and other citrus fruit trees.

Ormond has many attractions—excellent automobiling, good fishing, safe boating, and many pleasant drives.

At Ormond Beach is located the large Hotel Ormond, and its lesser sister, the Tretton Inn. The former occupies a position overlooking the Halifax, and the latter has as its outlook the magnificent beach and the broad Atlantic.

Besides the broad, smooth beach there are many drives for carriages and automobiles around Ormond—drives to and through groves of golden oranges; drives through tropical forests to Spanish ruins; drives to ancient Causeway built by slaves of planters of long ago, and drives to the plantations of hospitable settlers, whose places are replete with the interest of Southern fruits and flowers.

One of the most interesting of these plantations is at the headwaters of the Halifax and known as Mountgrove. It is one of the finest orange groves on the East Coast of Florida and is amid very pretty surroundings. Mountgrove is on the Daytona-Saint Augustine road.

### ROBT. JOHNSON PASSES AWAY; STOPPING AT HOTEL ORMOND.

#### RETIRING CAPITALIST OF SPRINGFIELD, OHIO, DIES AS RESULT OF GENERAL DECLINE OF OLD AGE.

Robert Johnson, a retired manufacturer of Springfield, Ohio, died Tuesday night at the Hotel Ormond, his death being due to the general decline of old age. Mr. Johnson was 79 years of age.

Mr. Johnson has been in ill health for some time and came south several weeks ago, the hope of his relatives being that a change to the warmer climate would have a beneficial effect on his condition. For a time he seemed to improve, but a change for the worse came recently and he gradually sank until death came Tuesday night.

Arrangements have been made by a son, who was with him at the time of his death, to have the body taken back to Springfield at once and the funeral services will be held after the arrival in the home city.

#### ST. AUGUSTINE BOARD OF TRADE TAKES TO SECURE LEGISLATION FOR LEVYING HEAVIER TAXES.

ST. AUGUSTINE, Fla., Feb. 15.—Realizing that if St. Johns county is to have an up to date system of good roads it will be necessary to secure more money than is possible under the present arrangement of ordinary taxation, the board of trade at its regular monthly meeting took steps to secure special legislation whereby it will be possible to levy a tax of two cents per acre on all lands in St. Johns county, the sum so levied to be used for road purposes only.

"Let the learning of the ages be added," came the order, and tons upon tons of the wisdom of sages, philosophers, scientists and poets was heaped upon the pile. And still the great arm of the scales remained high in air.

"Add now the men of power and high position," said the judge, "and the scale will fall." But all in vain.

"But what is on the other side that outweighs all these?" asked one.

"It is character," said the judge.—Portal.

## THE ANNUAL BAZAAR AT CONGREGATIONAL CHURCH.

SUCCESSFUL ENTERTAINMENT IS GIVEN BY THE LADIES' CIRCLE ON TUESDAY AFTERNOON AND EVENING IN SOCIAL HALL.

The annual bazaar given in Social hall Tuesday afternoon and evening by the ladies' circle of the Congregational church proved a very successful affair both socially and financially. The proceeds are to be devoted to the purchase of a new carpet for the church.

The fancy table was in charge of Mrs. A. Milligan, assisted by Miss Mary Harry, Mrs. L. H. Cuttin and others. The candy table was presided over by Mrs. J. B. Dunn and Mrs. E. C. Dunn. The apron table was in charge of Mrs. A. E. Bryant, Mrs. John Milligan and others. The cake table was in charge of Mrs. W. H. Peck and Mrs. G. H. Matthews. Mrs. W. G. Hobbs and Mrs. Silas Mills had charge of the refreshment department which was a guarantee of excellency in that line. The tables were attended by young ladies of the church.

One of the special features was the goose that ate dimes. A tent was placed just outside the entrance to the hall and the goose's head was thrust from an opening in this tent. A dime placed in its mouth brought in return an article of some kind. In the evening this tent was surrounded by number of little girls, prettily attired in Mother Goose costumes, who sold tickets to this grab bag presided over by the goose. The grounds were lighted by Japanese lanterns. Mrs. William Roxby was in charge of this part of the entertainment.

Five thousand people stood in the rain at Pittsburg to hear Mr. Lincoln. He spoke on the tariff, avowing that he was unacquainted with it. Later he spoke at Cleveland, where a great crowd escorted his carriage two miles through rain, snow and mud.

**The Measure.** The ancient judge sat before the scales of worth.

"Bring forth the royal treasure!" he cried, and the hurrying slaves poured into the huge pan sacks of golden metal, caskets of sparkling gems until it seemed as if all of the wealth of earth were there. Yet the balance never stirred.

"Let the learning of the ages be added," came the order, and tons upon tons of the wisdom of sages, philosophers, scientists and poets was heaped upon the pile. And still the great arm of the scales remained high in air.

"Add now the men of power and high position," said the judge, "and the scale will fall." But all in vain.

"But what is on the other side that outweighs all these?" asked one.
